

Stock Market Analysis

-Archit Srivastava

We got six stocks to analyse namely

- Bajaj Automobiles
- Eicher Motors
- Hero Motors
- Infosys
- TCS
- TVS Motors

BAJAJ AUTOMOBILES :- The profit was good in year 2015-17 but in 2018 there is substantial loss.

Overall from 2015-18 we would have invested Rs. 30001 and in the end have got Rs. 30727 taking an effective profit

EICHER MOTORS :- The stock is very stable and has very less cross points.

Total investment of Rs. 151968 in 2015-18 would have given 165188 at end which is very good profit.

HERO MOTORS :- This is also relatively stable. An investment in 2015-18 of Rs. 28927 would have yielded Rs. 28955 with a slight profit.

INFOSYS :- This stock is somewhat volatile. Investing Rs. 10401 would have yielded Rs. 10447 at the end of 2018.

TCS :- This is very volatile with many ups and downs.

Rs. 33869 investment over 2015-18 would have given only 31676 which is a loss. This is attributed to sudden fall in June, 2018.

TVS MOTORS :- This stock is somewhat volatile and lossy in 2015-2016 but in 2017-2018 it picked momentum and overall investment of Rs. 3051 in whole period yielded Rs. 3324 which is best among all the stocks.

Thus we see that automobile stocks are good return giving in short term (<5 years)

IT stocks in short term are not so good and TCS even fell to very low in 2018.
